A week or two ago I watched the 60 Minutes program which aired on 4/20/25.

It contained an interview with Demis Hassabis.

This interview may be downloaded here: <https://afh137.com/042025-2.mp4>, 383MB.

He raised a number of issues which caught my attention. In particular, finding the answers to those "biggest questions". Something which I've had an interest in since my mid 20s. I'm now well beyond those years BUT I have found a few answers.

I was going to contact Demis only but when searching for his address many other names, groups, presented themselves. I now have 416 individual I'll try to reach. Here's the list:

I'm going to open a rather significant door for you.

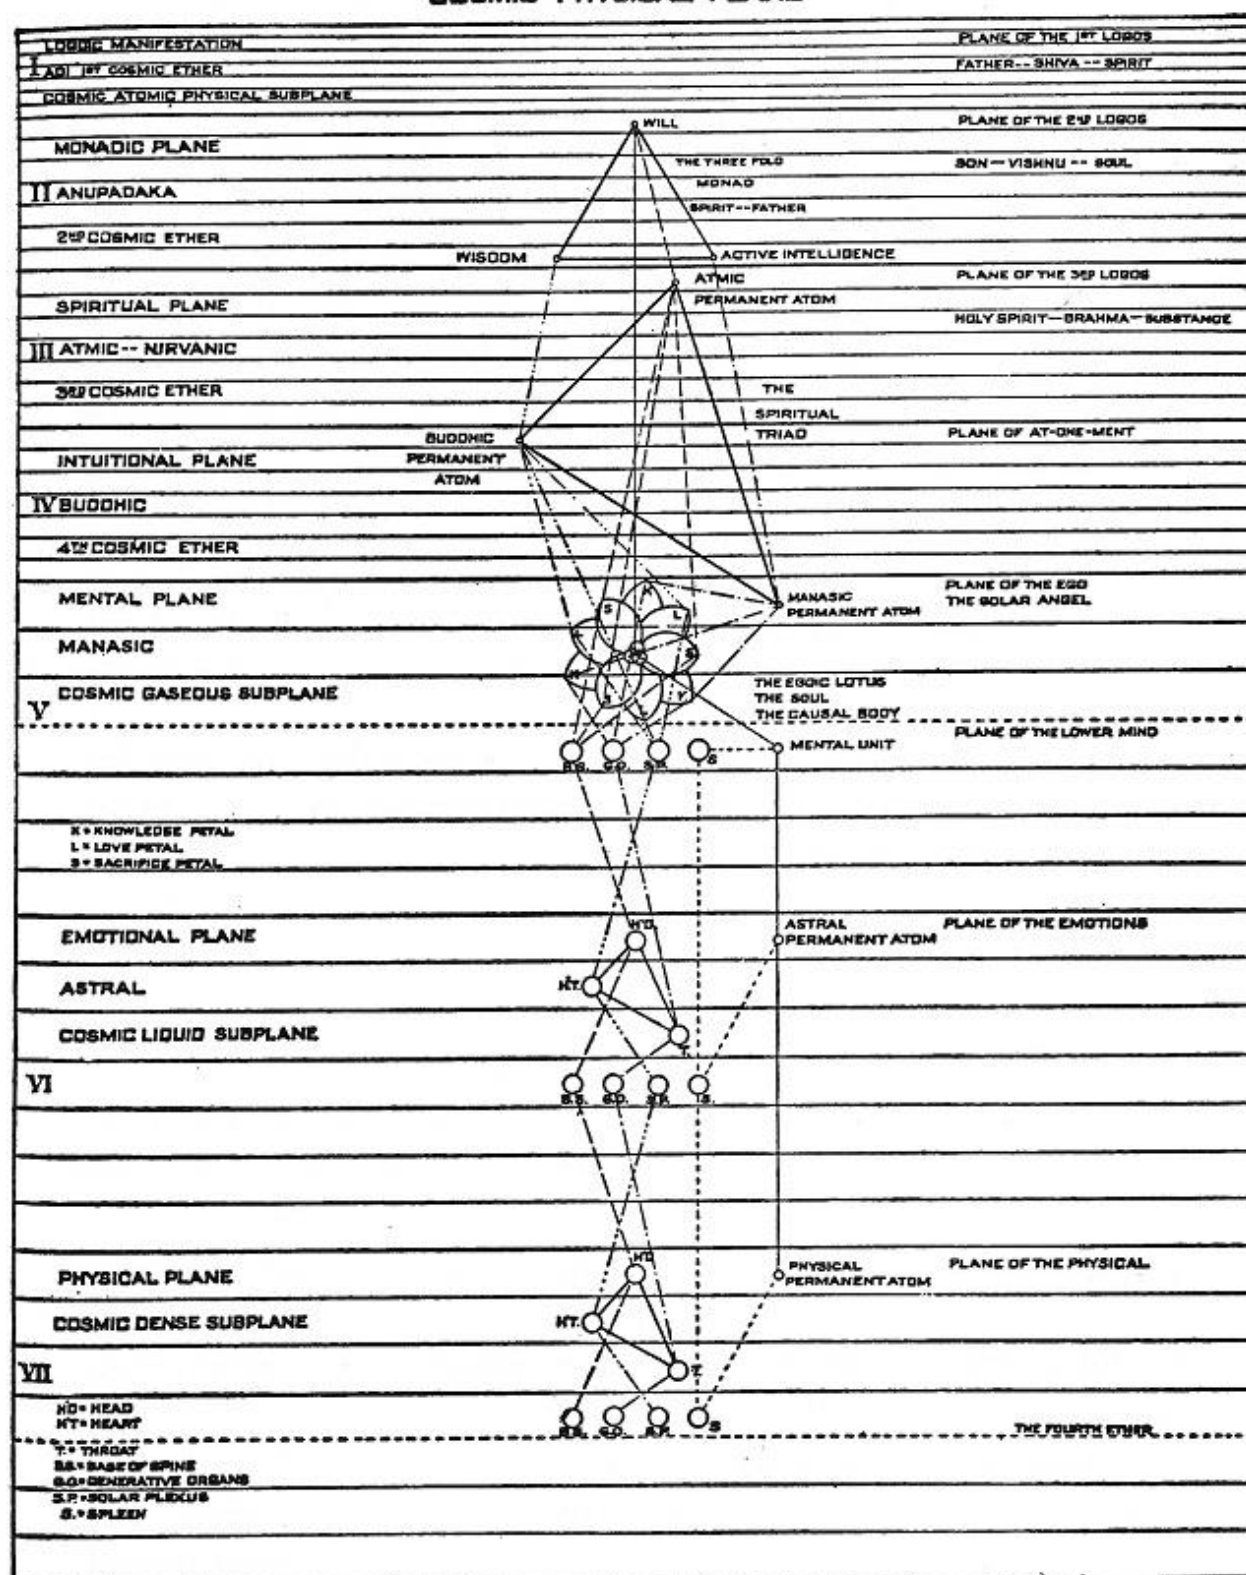

The following chart is from the book *A Treatise on Cosmic Fire* by Alice A. Bailey.

See <https://afh137.com/hierarchy/> for more on her books. It's also a good place to start this journey.

CHART VIII

THE EGOIC LOTUS AND THE CENTERS

COSMIC PHYSICAL PLANE

There are 7 fundamental types of substance. Each has its 7 substates: Solid, Liquid, Gas and the 4 subatomic, or etheric. Realms of existence have been created using each of these substances. Our realm is composed of type VII. The densest, most material. <https://afh137.com/matter/> goes into greater detail.

The brain is nothing more than a transceiver. We have forms, vehicles, points of entrance, on the 3 lower planes: V, VI and obviously VII.

Those 7 little circles, 4 in V, represent energy reception and distribution points. They link the 3 lower vehicles: Physical, Emotional and lower Mental.

You need to develop technology that will enable us to SEE the 4 subatomic, etheric, states here in VII. Wonders will open up to you! There are many humans who naturally possess etheric vision. Many also who can consciously function in VI, fewer in V, while still in the physical body. They possess Continuity of Consciousness on these levels.

The Egoic Lotus represents the form used by our Soul!

Each of us originated from the Monadic Plane, II. We're in the process of returning to it BUT with, eventually, a vastly expand(ed) understanding of and control over all that is below that level. The Soul represents the lowest point of Monadic expression, it can not be corrupted. The Soul is responsible for the evolutionary development of Personality, in the human kingdom, in the 3 lower realms. In the animal, vegetable and mineral kingdoms they serve other purposes but always related to the development of consciousness in some way.

"You might here ask and rightly so: What is this plan? When I speak of the plan I do not mean such a general one as the plan of evolution or the plan for humanity which we call by the somewhat unmeaning term of soul unfoldment. These two aspects of the scheme for our planet are taken for granted, and are but modes, processes and means to a specific end. The plan as at present sensed, and for which the Masters are steadily working, might be defined as follows:--It is the production of a subjective synthesis in humanity and of a telepathic interplay which will eventually annihilate time. It will make available to every man all past achievements (*past lives*) and knowledges, it will reveal to man the true significance of his mind and brain and make him the master of that equipment and will make him therefore omnipresent and eventually open the door to omniscience." p. 403 See <https://afh137.com/hierarchy/tngows.htm> *The New Group of World Servers*

This should be enough to get you started assuming your intuition, and Soul, impresses upon you that there's something here worth exploring!
