

Began this list on 2/10/24. Contacted the last group on 9/2/24. Did 4 groups of 25 each every day. Attempted to reach 19110 individuals. Primarily Astronomers and Physicists. All of the major universities, around the globe, were contacted. Only [mpia.de](http://mpia.de) and [leidenuniv.nl](http://leidenuniv.nl) proved to be major disappointments. Google as well towards the end.

Individual count: 130, 619, 474, 17887. 130+17887=18017 contacted.

Those in **Dark Blue** may be the same person, duplicates. If so my apologies.

Those in **Red** were not reached, address no longer valid.

Those in **Dark Red** represent individuals which have blocked the email.

[info@AlliancesForHumanity.com](mailto:info@AlliancesForHumanity.com) can't reach them.

Began on 2/24/24 with the domain [mpia.de](http://mpia.de) labeling the address as spam.

On 2/27/24 it officially became blacklisted by [postmaster@mailsupport.dfn.de](mailto:postmaster@mailsupport.dfn.de).

[mpia-hd.mpg.de](http://mpia-hd.mpg.de) and [mpimf-heidelberg.mpg.de](http://mpimf-heidelberg.mpg.de) have blacklisted it as well.

[mpia.de](http://mpia.de) overestimates its understanding, it's being arrogant, OR it's afraid of the possibilities should what I'm presenting be honestly and objectively examined. It's forcing its limitations upon its people.

**Prove the Sirian connection folks!!!** This one act will accomplish MUCH!

Or [mpia.de](http://mpia.de), disprove it, prove me wrong, prove Occultism to be wrong.

Provide confirmation from others and I'll shut up, go silent, disappear.

Since 2/24/24 [mpia.de](http://mpia.de) has restricted what 158 of its people have access to!

Well, it appears [leidenuniv.nl](http://leidenuniv.nl) has joined [mpia.de](http://mpia.de) in ignoring valuable data.

First contacted someone there on 3/21/24.

Had reached 74 individuals with apparently no problem.

Since 5/21/24 242 individuals have blocked attempts to be contacted.

171 others appear to have gotten through.

It's the LORENTZ and STRW groups which are doing the blocking.

8/1/24--Gmail (Google) appears to be sending [info@AlliancesForHumanity.com](mailto:info@AlliancesForHumanity.com) to spam.

Limited minds! Frustration and disappointment when dealing with such folks. They're holding us back.

Those with dates show when they were 1st contacted.

We need to expand our perspective!

We're part of a larger 7 system structure.

There's valuable information available on the subatomic and on Dark Matter.
